

## **Summary: OIG Unable to Substantiate Allegations Against a Former OIA Employee**

**Report Date: September 11, 2017**

We investigated allegations that a former Office of International Affairs (OIA) employee stole Government-owned furniture, instructed ombudsman employees to remove and destroy alien registration forms, unlawfully employed and compensated an alien volunteer in violation of procurement regulations, and instructed an employee to delete information from the ombudsman office computers.

Our investigation was unable to substantiate the allegations.

This is a summary of a report that was issued to OIA for any action deemed appropriate.
