

## **Summary: NPS Employee Misused Government-Owned Vehicle**

**Report Date: November 12, 2020**

**Report Number: 19-0512**

The OIG investigated an allegation that a National Park Service (NPS) employee misused an assigned Government Owned-Vehicle (GOV) by taking it home overnight on multiple occasions without authorization.

We found that the employee routinely used the assigned GOV as a home-to-work vehicle without prior, written authorization as required by 41 C.F.R. § 102.5 and NPS policy.

This is an investigative summary of a report we issued to the acting NPS Director.
